

Podar Pearl School - PACE School Integrated Program

PACE School Integrated Program offers IIT-JEE/NEET competitive exam preparation to students within the comfort of their school premises. Our coursework is aligned with the NCERT curriculum designed for CBSE, which creates a synergy between the school and competitive exam syllabus, thereby giving an edge to students.

About PACE IIT & Medical

PACE IIT & Medical was established in 1998 by Mr. Praveen Tyagi (B.Tech. IIT-D). Since inception, we believe in providing the highest quality of education while coaching our students for competitive exams. We are committed to make the process of learning fundamentally strong and enjoyable for the aspirants by using innovative teaching methods and having passionate and dedicated team of IITians, Doctorates & Doctors to give them thorough conceptual clarity. This strategy is the sole reason behind us being able to produce extraordinary results every year in our 4 definite integrals - Engineering, Medical, Foundation Builder and Education Abroad. We have consistently produced top results in competitive exams like JEE, NEET and Olympiads. We have a presence across India and have one of the largest pool of experienced faculties.

Our quality education has been appreciated by top IVY League Universities like MIT, Stanford, and Cornell. More than 100 students get into top IVY league universities to pursue undergrad programs and over 1500 students are getting into IITs / AIIMS / Medical colleges from PACE every year.

and many more...

1,000s of our alumni are in leading conglomerates like Google, Facebook, Twitter, LinkedIn, Tesla, McKinsey and many more across the globe.

Features of the Program

Classes to be conducted in **school premises** during **school hours**.

CBSE curriculum covered fully along with **Competitive Exams** at the age level

Saves time by avoiding duplication of efforts

Extensive study material prepared by experienced faculty members
(*at no additional charges*)

Team of **highly qualified teachers** comprising of IITians, Doctors and Doctorates

Topic-wise tests, Major tests, All India Test Series to assess & evaluate performance of students.

Effective batch size in class and **regular availability** of teachers for doubt solving

Regular feedback system, parent-teacher meeting & detailed analysis report after every major test

A **gamified learning platform** that allows you to practice and enhance your IIT and medical preparations and various other competitive exams.

Regular analysis helps in **timely goal management**

STEPapp (Student Talent Enhancement Program) is a gamified learning app. Students will get conceptual clarity in every topic through its highly interesting, engaging, interactive, and effective content in Math and Science. It helps enhance students' performance in competitive exams as well as school examinations.

Finish your pre-class work allotted by teachers on STEPapp. Teachers, parents, and management can track your progress daily on STEPapp.

Based on your performance on STEPapp you can win rewards like the latest iPhone and scholarships.

Features of STEPapp:

1. Simplified testing methodology
2. Measurable learning outcomes
3. Self-paced learning
4. Content created by over 400 IITians and Doctors
5. Rewards and recognition
6. Content available in English, Hindi and some regional languages

How to access STEPapp?

- Open your Google Chrome browser only
- Type <https://doha.stepapp.in/login> in the address bar
- Put your login ID and start playing.

About Courses

Foundation Builder

Eligibility: For Students in Classes 8, 9 & 10

How will the courses run?

- Different sections will be created for students enrolled in the Podar-PACE School integrated program.
- These sections will have only Maths and Science Classes on 2 allotted days of 5 regular days within School hours. On the other 3 days, teachers will teach them the other regular subjects.
- The students will sit in regular school exams as well as tests conducted by Pace which will be aligned in a way to help students strengthen their weak areas.
- Our curriculum covers the Math and science Syllabus of competitive exams like NSO, SOF, NSEJS, INJSO/IJSO, NTSE, NSTSE, Homi Bhabha, etc in addition to the regular CBSE exam.

IIT-JEE/NEET Courses

Students currently in 10th who have decided to prepare for JEE/NEET.

3-Year Flagship Program

- The syllabus of JEE Advanced and NEET will be broken down into 3 portions. Out of which the first portion will be taught to students in 10th only, so when the students move to 11th they are way ahead of their peer group and the journey towards their goal is much more relaxed and fun.
- Their syllabus of 12th gets completed at least 6-8 months before their Boards exam which gives them ample time to revise thereby giving them a real competitive edge.

For students currently in 11th

Zenith Program-2 years JEE Advanced/NEET

- Lectures will be conducted 3 days a week for 6 hours a day during school hours, within their school premises.

For students currently in 12th

1 year program for JEE Advanced/NEET

- Lectures will be conducted 3 days a week for 6 hours a day during school hours, within their school premises.
